MAINTENANCE

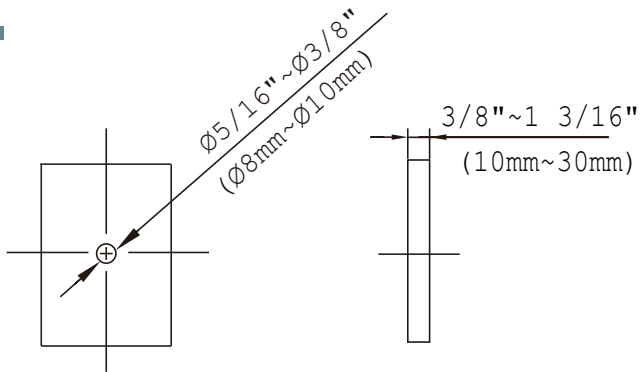

- Your new Cooper and Graham product is designed for years of trouble-free performance.
- Keep it looking new by cleaning it periodically with a soft cloth. Avoid abrasive cleaners, wire wool and harsh chemicals as these will dull the finish and void your warranty.

IMPORTANT POINTS

- Overtightening nuts may cause damages.
- When cutting or soldering, use safety glasses to protect your eyes.

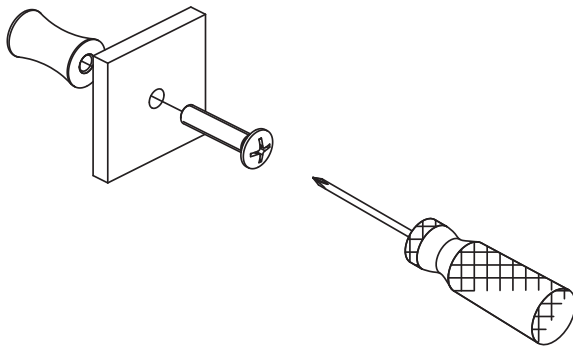

Cooper and Graham always recommends that plumbing products be installed by a licensed professional.

1.

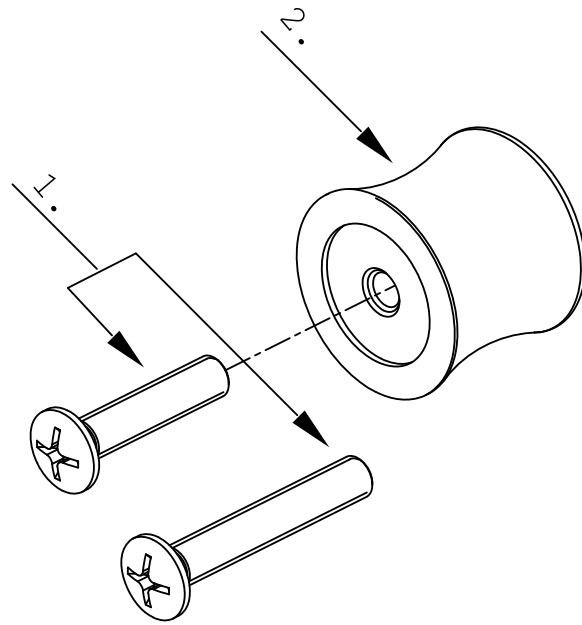

Before installation, make sure the dimensions for the cabinet are as indicated.

2.

Place your screw into the cabinet hole and thread it into your cabinet knob. Then use a screwdriver turn the screw slowly until they are tight.

1. Screw Kit (RB0132)
2. Cabinet Knob
(RB0133/EMI-19100)
(RB0134/EMI-19125)
(RB0127/EMI-19150)
